

GOLDEN AGERS

Celebrating Seniors, Enjoying Life & Laughter

VOLUME 8, ISSUE 41

OCTOBER 11, 2024

What a Wild, Wet Week!!

WOW! It's been a crazy week! Hoping y'all made it safely through the craziness of Hurricane Helene. Just a reminder, **any** time there is something like that & you need assistance of **any** kind, please call our cell phones. We had power here at the church, but with the internet down, we had no phone service. If you are still in need, please call us!

Our family was without power and water (we have a well) until early Saturday morning & we lost several trees, but no damage to the house. We have kids in Tennessee that got rain only, but our kids in western NC got hit hard. They are safe, but had no power and worse, no **cell** service for several days. I'll admit, it was a frightening few days not knowing how they were! They were very blessed to only have flooding in their basement and not in their house. Hubby loaded all we could imagine they might need in his truck & went to help. The grands were very excited to see Papa!

Now for the important stuff.

Brevard-Summer 2024

Papa Steve on Duty

Yes, they lost everything in the basement (including their furnace), but they are fine & their home had no damage. They are truly blessed!

Brevard-Hurricane Helene
 Yes, that's my son-in-law, in his kayak, rowing through the greenhouse to check on elderly neighbors behind them. The land beyond their fence is a flood plain. The water receded after about 12 hours. Everyone near them is okay.
